MONONGAHELA, P.A.

The year 1972 brings back different memories for each of us. There were good times and bad; fun times and sad. These PIECES OF '72 are the highlights of the past school year — the activities we enjoyed throughout the year.

The 1972 Flame would be incomplete without any one piece, just as a puzzle is incomplete if one of the pieces is missing; and as in a puzzle, no single piece is more important than another. Each piece, in its own way, contributing something to the whole. Everyone of us contributed something to these past school years; therefore, we are all an important piece of the 1972 Flame.

For those of us returning to M.H.S., there were many changes — new teachers, a new sociology course, new friends, a new principal and new rules.

Confucius once said, "One picture is worth a thousand words." Similarly, each picture in the 1972 Flame will probably bring back a thousand different memories of the events of our past year at M.H.S. These PIECES OF '72 are memories, big and small, which we have compiled and now present to you to be cherished in the years to come.

PIECES OF 72

MR. JOHN P. CONTE

A major change took place at MHS this year when Mr. John P. Conte was promoted to Director of Secondary Education. Mr. Conte had been a familiar figure at MHS for many years. He graduated from MHS in 1931. His teaching career at MHS from 1938-50 was interrupted for four years (1942-46) when he served in the Army during WW II. In 1951 he served for two years as assistant principal to Dr. Griffiths who was then the principal at MHS. Mr. Conte became principal in 1953.

VOCATIONAL TECHNICAL EDUCATION

A new and important change took place in our curriculum this year. This change was the newly-constructed Vocational Technical School, which prepares students for employment immediately after graduation. Sixteen courses are offered to the students.

Approximately 660 students from Ringgold, Charleroi, Monessen, California, Beth-Center, and Bentworth attend half-day sessions at the school, which is located in Speers, Pa. A total of 140 RHS-MD Students (42 sophomores, 57 juniors, and 43 seniors) attend the Voc-Tech School. The Voc-Tech School becomes a significant part of the PIECES OF '72.

Graduates:

This is a great day in your life and a day of pride and joy in the history of our school. You have "made it," and without being immodest, we can say, we have made you. We gave you opportunities for learning; you took advantage of these opportunities. You are here today not only because you wanted to finish High School and all along the way you made your own free decision to do the work, to meet the requirements, and so, you have reached this first major milestone of your life: Graduation from High School!

Now, there are two ways for you to look upon this occasion. You might see in it the end of a long road, or the beginning of a new journey. I shall ask you to look forward not backward. I shall urge you not to gloat over your success in the past but to think of greater victories in the future. It has been well said:

> "The rung of a ladder was never meant to rest upon, but only to hold a man's foot long enough to enable him to put the other somewhat higher."
>

UNDERCLASSMEN

THE CLASS OF '74

As we began our high school days, it was destined to be divided into three pieces, those of sophomore, junior, and senior years. Among these pieces would be subdivisions of pieces.

This year, sophomores are walking in the steps of new experience. From the first day of school to the last, something new is always happening. Assemblies, class projects, new teachers and subjects, and mainly the experience of being in M.H.S. for the first time. All are pieces of the sophomore year. Through these happenings, sophomores learn of many things they have to look forward to during the rest of their high school days.

The sophomore class as a whole has made a striking beginning. They have started to piece together their prom by having a candy bar sale, with each individual contributing his own part. As time goes on, the different pieces of '74 will change, but the memories will still remain. We, therefore, show you, the class of '74, who are, in actuality, a Piece of '72.

THE CLASS OF '73

As we continue to review the PIECES OF '72, we progress from the sophomore to the junior year, adding new pieces and subdivisions of pieces.

This year's juniors are no longer walking in the steps of new experience, but they are hiking over paths of individualism, boldness, and achievement. The hopes of their sophomore year have now become reality. They are now upperclassmen, are near to their last year of high school, and are looking forward to their prom.

But mingled with these new pieces are old pieces, pieces aging with wisdom, not years. Together, the old and new form a piece of great distinction with each individual again contributing his own part in the election of class officers, the magazine sale, the receiving of class rings, and the grandest event of the year, the Prom.

For the second time, as in the sophomore year, these pieces become memories and will always be looked upon. They become pieces of the heart. Here are the members of the class of '73, who are a cherished piece of '72.

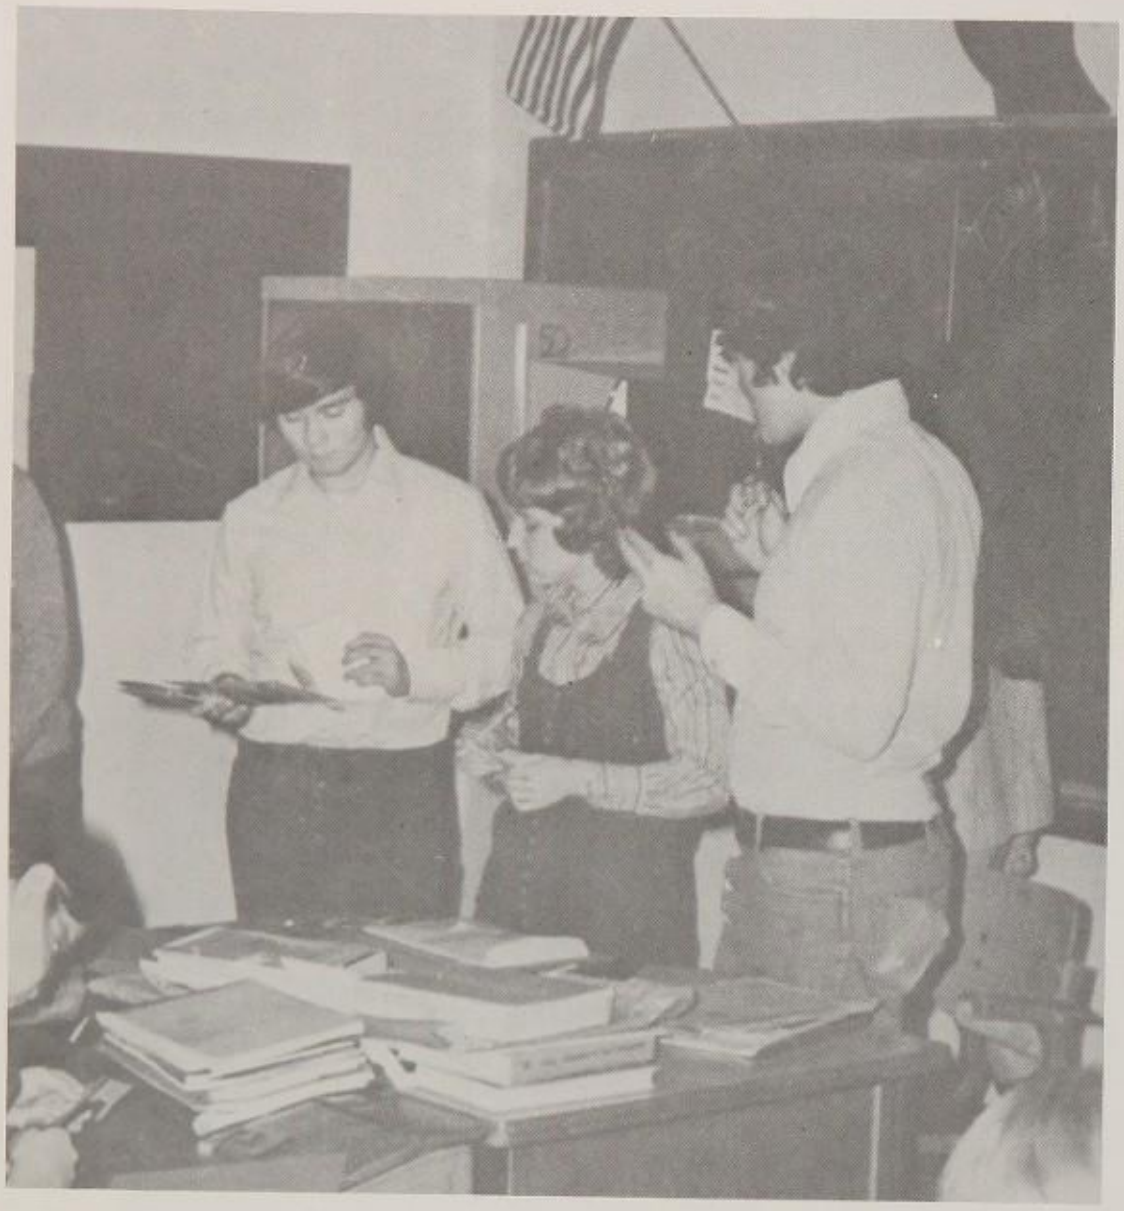
Members of the baseball team are stumped by Keith Hancock's question "What's a three letter word for a sticky substance?"

Mr. Applegate changes Joe Hardy back to Joe Boyd.

Members of the Monongahela High School Choral Department received high acclaim for their presentation of "Damn Yankees," on February 10 and 12. The cast of about 60 members rehearsed for five weeks under the direction of John McLaughlin. Dance routines were choreographed by Sue Moyer.



ATHLETICS

In adding to the PIECES OF '72, our athletes showed constant improvement and achievement. Our basketball team proved itself outstanding again by winning the WPIAL-Sec. 4-A title for the third consecutive year; our football team improved; our cross-country broke many records; and all other teams strove, as always, to make their marks. At the close of this year we realize what an important part of 72 the PIECES of sports have been. Through them, we have learned to cooperate with each other and to compete in a sportsman-like manner.

FOOTBALL 71

Don Miller receives a pass just in time.

The 1971-72 Football Season ended with a 4 and 3 record. The Rams placing in section play. In his first year at R.H.S., Mr. Charles Abramski worked hard with our young and inexperienced team. Charles Smith and Don Miller were elected to the Big 33 squad and will return next year with the hopes of a more successful season.

The Ringgold Basketball team clinched the section championship for the third consecutive year. The Rams, who had 7 lettermen returning from last year, end the season with an 11-1 slate in season play and an overall record of 17-2. The Rams' leading scorer was Tim Stokes, who also held first place in the scoring column in the entire section. A highlight of the season was when Art Coleman scored his 1,000th point against Monessen. The Rams proved to be a strong team by their outstanding performances. Ringgold will go on to the state championship at the Civic Arena. Assisting Coach La Mendola were Jim Fernandez and Dave Wunderlich.

BASEBALL 71

The 1971 Baseball Season proved to be disappointing for the Rams coming up with a two and eight record. The Rams hope to do better this year with nine returning players that all have some experience.

Brad Bassi, short stop for the Rams went on to play for the little Pirates.

Blangger races on down to first base during baseball practice.

We, the seniors, are the final part of the PIECES OF '72. As early as our sophomore year, we looked forward to the day we would be seniors, graduating from high school. Now, as we look back over the past three years, the memories may make us smile, laugh, or cry. We remember with pride that MHS first became known as RHS when we were sophomores.

Graduation marks the end of an important part of our life. We matured and learned how to accept and handle responsibilities. Now, as we enter the world as adults, we will see just how prepared we are.

The future holds many things for each of us. Many will further their education in college, nursing school, business school, or a technical school; others will seek employment; a few will join the Armed Services.

Graduation at the aquatorium highlights the career of every high school senior.
